Re: Rosemont at Scyene

Dear Ms. Boston:

I am pleased to submit this letter of support for TX Scyene Housing, L.P. in their bid for tax credit funding of the Rosemont at Scyene Townhomes. The townhomes will be located in my district. I am cognizant of the need for low income housing in the Dallas area and housing and neighborhood revitalization is of utmost importance to me. Additionally, I am encouraged by the participation of the Dallas Housing Authority.

I am aware that the need for low income housing is part of a large and growing segment of our population and has been neglected. I applaud the Dallas Housing Authority for their vision in attempting to provide affordable communities to individuals who may not otherwise have an option to experience this living environment. The Rosemont at Scyene Townhomes will prove to be beneficial for families living in Dallas as well as beneficial to the City of Dallas.

Your consideration of a favorable response to TX Scyene Housing, L.P. would be appreciated.

Sincerely,

Terri Hodge  
State Representative  
District 100
