I was disconnected. Dangelo knows that all he needs to to is write a letter and begin talking to staff on the boudaries and how much money would be available over 20 years.

Prepare the same memo except change the language to put as an option to call a public hearing for the creation of the TIF.let's get in out today.don hill

I need the 5 signatures to be the s african american council persons and Oakley. See if chaney and jL will sign.
