Although I have not spoke to hill I was told by city staff that he will request that the case be held. Public hrg just started and hill is not here.

I just spoke to CC Hill and he asked me if I spoke to John and I said from the abutting neighborhood. He said no John Lewis. I told him about the progress with the neighbors and he asked me if I knew John Lewis and I said no. He said we'd work on it this afternoon. When I asked him what that meant he walked away.
