

1 SLOVACEK: D'ANGELO, hey, it's RON. Just
2 thought of something on, on a PECAN GROVE.
3 Still waiting on those civil engineering sets in
4 order to get the, ah, landscaping, ah, sidewalks
5 and the pavements from the, ah, set of the plans
6 that we had was only good for the foundation and
7 we're waiting on that stuff from civil. I
8 contacted the engineer. I don't want to
9 re-contact them 'til I've spoken to you about it.
10 So, when you get this message, give me a call
11 and talk about it. Thanks.
