Mr Lane Venardos

Your attack on the Holy Land Foundation is meant to cut off the humanitanan funds to the Palestinian people. Do you want us to remain economic slaves to the Israelis?

Why don't you find out where does the money that buys bullets to kill our children come from?

Where did Dr Goldenstlen come from? Who is supporting the building of illegal settlements?

You are not attacking the HLF, you want the Palestinian people to die in silence !!!.
