Dear Friends:

Thank you for your generous support to the work of Samaritan's Purse in Kosovo. The funding you provided to continue the operation of the bakery is going to help feed thousands and thousands of people in the Gjakove area. Without your assistance, we could not have continued the program past the start-up.

I would also like to thank you for the donation of the bakery. I am pleased that Samaritan's Purse was able to move the bakery from Albania to Kosovo where it was set up in an 8,000 foot warehouse. It is now producing approximately 4,000 loaves of bread per day, which is being distributed freely to people in five kiosks in the Gjakove city. Each person is allowed three loaves.

I will send a further report on the work of Samaritan's Purse in Gjakove as well as a breakdown of the bakery operations within the next month.

Thank you again for your generous support. We appreciate the Holy Land Foundation and all you have done to help us help the people of Kosovo. God bless you.

Sincerely,

Ken Isaacs
Director of Projects
