The miracle weapon for our mujahidin brothers everywhere and especially in Ghazzah  
In the name of Allah the Compassionate the Merciful  
(Please post permanently may Allah keep us steadfast in obeying Him, and disseminate  
and publish through the forums and the media and to deliver the miraculous prayer  
weapon to our Mujahidin brothers in Ghazzah so that we may see the Divine miracles in  
front of the media, and I ask that it be posted repeatedly (

the Messenger of Allah Allah's peace and prayer be upon him said: (He who says three  
times every morning and three times every evening:

"I appeal in the name of Allah whose name prevents all harm by anything on earth or in  
heaven and He is the all-hearing and all-knowing",

"will not be harmed by anything") (meaning he will not be harmed by anything on that  
day or that night)

....Let us consider this weapon as an omen of every goodness and see the divine miracles  
taking place in Ghazzah against the usurping Jews....Our brothers' jihad in Ghazzah and  
their perseverance in the face of Zionist might and arrogance is but a miracle for all of  
humanity....With Allah's permission victory will be achieved for the mujahidin who are  
loyal to Allah's religion and its sanctity....Those who have bought the hereafter and sold  
the world that is not worth to Allah the wing of a mosquito...Thanks be to Allah, who  
alone can be thanked for a difficulty..and peace and prayer be upon the Messenger of  
Allah who lit the path for us, and gave us the good news that our brothers in Palestine are  
positioned at one of the Islam's gaps until the day of judgment...

The purpose behind this message is to bring to the attention of our mujahidin brothers in  
Ghazzah and Palestine this prophetic miracle and we ask Allah to raise our mujahidin  
brother with it and to grant them victory with His group and soldiers whom we do not  
see..with the guardian angels....the angels who respond only with the permission of Allah  
Who is aware of the intentions of him who utters it, whether one of the mujahidin or  
those who have strayed from the path of jihad....

The Messenger of Allah Allah's peace and prayers be upon him said: (He who says three  
times every morning and three times every evening:

"I appeal in the name of Allah whose name prevents all harm by anything on earth or in  
heaven He is the all-hearing, all-knowing",

"will not be harmed by anything") (meaning, he will not be harmed by anything on that  
day or that night)

Hence I ask that the message reaches the leaders of the mujahidin and their commando  
troops and the entire persevering mujahid people, for Allah promised through His prophet  
who said that whoever says this prayer three times in the morning (following dawn  
prayer) or in the evening (following evening or sunset prayer) will not be harmed in any  
way not his wealth not his property not his body and perhaps not even his family will be  
harmed, I can almost affirm that whoever says it will not be exposed to any injury even if  
a rocket was to fall on his house or a tank drives over him...Perhaps it is death and  
martyrdom, the fate of which can neither be advanced nor delayed...and perhaps he  
whose hour of death has come and Allah wills it that he will not say this prayer...and  
death in the arena of Ghazzah and Palestine is a martyrdom through jihad that does not

harm him who earned it or his family, and is instead a great goodness and an ascension

....

Please take note that the divine promise to achieve the divine miracle must be renewed in the morning by saying the prayer three times and that it be renewed in the evening (meaning after evening prayer, and after sunset prayer to be certain...as it has been said that evening in Islam begins after evening prayer...)

Brothers ensure that you deliver the miraculous weapon to our mujahidin brothers everywhere and especially in Ghazzah.... Let us consider this weapon as an omen of every goodness and see the divine miracles taking place in Ghazzah against the usurping Jews....

May Allah grant us and you success in every goodness and happy are our brothers in their jihad....for by Allah, their jihad in Ghazzah and their perseverance against the Zionist might and arrogance is a miracle for all of humanity....

Your brother "Sa'fas"

For further clarification of this miraculous prayer....read more...

The miraculous prayer - is considered among the core skills that will earn man much if he continues it

The miraculous prayer - the guardian angels will protect the monotheist and mujahid from any calamity and with Allah's permission

In the name of Allah

(Please post permanently may Allah keep us steadfast in obeying Him, and disseminate and publish and remind of it repeatedly)

The miraculous prayer:

Try it to realize its truth and effectiveness which will inevitably be revealed to eyewitnesses

This is not an advertisement but rather an enlightenment and a reminder and a direction on behalf of the Messenger of Allah Allah's peace and prayers be upon him

The miraculous prayer is a saying of the Messenger of Allah Allah's peace and prayers be upon him: He who says three times every morning and three times every evening:

"I appeal in the name of Allah, whose name prevents all harm by anything on earth or in heaven; He is the all-hearing all-knowing" three times "will not be harmed by anything Evening begins after evening prayer (and to be certain repeat the prayer after evening prayer and sunset prayer)

Morning begins after dawn prayer

Allah praise be to Him the Almighty created his servants and loves the monotheists among them and provides them with His glory and His victory, and it has been written that to destroy in this world is easier than to build hence how are we to protect our lives and our bodies and our property and our beloved while danger is in our path? What is the way?

The way is to make His word most high and His prayers within ourselves before anything else, Allah created the guardians and placed them to the left and right of the servant to guard and protect him with Allah's permission. However how is the monotheist to benefit from the guardian angels?

This is accomplished by the Muslim fortifying himself with the cited supplications and prayers and with every prayers or Qur'anic verse related to the preservation and success of the servant, as for this prayer it is especially miraculous that is witnessed by him who

continues to pray, I can almost affirm that no harm shall befall any mujahid during battle with Allah's permission even if the harm was inescapable, this prayer proves Allah's support for His monotheistic servants and reveals to the witnesses the effect of Allah's soldiers from among the guardian angels.

The miraculous prayer is the saying of the Messenger of Allah Allah's peace and prayer be upon him: He who says three times every morning and three times every evening: "I appeal in the name of Allah whose name prevents all harm by anything on earth or in heaven and He is the all-hearing and all-knowing" three times "will not be harmed by anything"

The meaning is very clear and the prayer is cited as a miracle and the Messenger of Allah told us about it so that we may use it in the jihad for our lives and to protect ourselves and our property with it.

The meaning of "will not be harmed by anything: means that nothing will happen to the individual physically or to matters that concern him such as his property or members of his family, and the benefit from this prayer may be more clear to the person who says it and to his personal affairs than that of those whose affairs concern him of his family members and relatives and Allah is all-knowing.

However, how do you ensure that you adhere to the miraculous prayer in the morning and in the evening?

The solution is for the individual to get himself used to and to train himself in a certain manner that will remind him to say the prayer and becomes just like saying "In the name of Allah" and "Thanks be to Allah" before and after meals, as an example he can continue with it after evening and sunset or dawn prayers, or it becomes a routine after every prayer in the manner of the two greetings, or while riding in a car, and naturally feeling afraid of car accidents is a very helpful factor in remembering to say the miraculous prayer.

And when Allah wills that the individual will witness a clear sign of the miracle this servant will like this prayer and his heart will connect with it more and more, and undoubtedly this is a connection with Allah, praised be Him the Almighty, because the prayer is a supplication to Allah praised and exalted be Him and supplication is the worship of Allah alone.

However how can a calamity and harm befall us if we keep saying the miraculous prayer?

All affairs are by Allah's will and permission, however Allah is wise and all-knowing, it even happens to the Muslim who keeps saying the prayer, for Allah will enable that servant whom He will test with a calamity to forget the prayer and not say it three times in the morning and in the evening, and thus the Most Wise wills that the servant suffers the calamity because the servant did not fortify himself with the miraculous prayer, it is also possible but not certain that not saying the prayer first thing in the morning or first thing in the evening due to sleep is a widespread cause for a calamity to take place before he awakes and says the prayer, because in these instances, man misses saying the prayer prior to the occurrence of the calamity in the morning or in the evening, and in turn delays in saying the prayer or not say it until after the calamity occurs. I could say that saying the prayer even after the calamity occurs may lessen its impact or limit its harm and Allah is the all-knowing.

My request is that each one of us adheres to this prayer and motivates our brother drivers and mujahidin to say it and they will see the miracles repeat in their lives and be happy when talking about it to their families and whom they love just as I have done in this article, and may Allah grant success

I would have helped you if I could brother....however I cannot do anything..but to complain to Allah about my grief and sorrow....  
However I can tell you perform the jihad with your wealth with your good manners...with your boycott of the people of disbelief and their products.....for by Allah, if everyone was to boycott them and their products, all of them would perish.....
