Peace and Allah's mercy and blessings be upon you

My brother Aba-al-Ayyubi

Do I love Usamah?

How do I not love him my honorable brother and he was the first to declare war on America and challenged its might along with his mujahidin brothers until it was humiliated in its own home and in Afghanistan and Somalia and Iraq?

How do I not love him when his jihad and the jihad of his brothers defeated the Soviet Union at the height of its greatness, and forced it into a disgraceful withdrawal from Afghanistan?

How do I not love him when his name and his reputation and his Al-Qa'idah make the infidels and traitors tremble inside of their fortresses and palaces?

How do I not love him when his voice echoes all that I believe in and what any free monotheist believes in?

How do I not love him when he marched forward to perform the jihad first and called for it second, and migrated from his country for the sake of Allah first and called for the migration second?

Hence he is the ultimate monotheist and the ultimate mujahid and the ultimate leader and the ultimate role model.

Yes O' Aba-al-Ayyubi I love him in Allah and I have made a vow to him before Allah to follow those who preceded us in the path of Him who is to be praised and exalted, and for the victory of this religion.

My honorable brother Allah blesses you for your intention which I hope is sincere before the Lord of the universe. What you seek requires much patience and faith and discipline until the doors are wide open, Allah willing. There are three points that I would like to discuss with you in regards to proceeding with the project which has become clear to me after your last message.

The first point is to begin finding alternate means of communication through the net, so do you have another e-mail address or membership in forums other than the one we met in? The intention is that each of us would send one message every two weeks, and all that these messages would contain is a secondary e-mail address through which we can

communicate for the upcoming two weeks, and we will repeat through forums and different addresses every two weeks to ensure our safety and the safety of our project, for by Allah O' Aba-al-Ayyubi, my concern for you and for those who will facilitate the matters for us is more than my concern for myself.

The second point is that it is of utmost importance that you keep what we are discussing exclusively between us, as I don't know if you have received other responses from the forum or if someone has promised you something, for I don't have any contact with any person in any forum in regards to what we are talking about here.

The third point is that communicating with the brothers who are responsible for facilitating matters requires a period of time that depends on their situation and the availability of means of communication and their preoccupation with filling the gaps, so have patience and faith until He who is to be praised and exalted bestows relief upon us.

I am waiting for your response my brother Aba-al-Ayyubi and any suggestions or points that you want to discuss.

Your brother Al-Karkhi
