In the name of Allah the Gracious the Merciful

Peace and Allah's mercy and blessings be on you

My beloved brother Rafiq .....

[UI] Let Allah be He exalted protect you from every evil there is no power and no strength save in Allah the Most High the Great...

First we pray to Allah be He exalted to bless these actions and protect them from every evil Allah willing praise Allah and with His thanks...

And we are a people that does not accept humiliation even if all the world was humiliated as already Allah facilitated for us the path of the jihad to be a mercy for us we the people of Muhammad a mercy from His mercy numerous rewards humans cannot imagine them [UI] let us take the fear far from our hearts my brothers I truly assure you Allah willing that we execute a successful operation after long patience the success will come we will draw the smile on their faces in their prisons in Guantanamo [UI] and the prisons of the Arab tyrants Palestine and Iraq and Afghanistan and Pakistan and Morocco and Egypt and Jordan and Lebanon and Syria and Algeria and Sudan and Somalia and Muslims of China they are all oppressed because they acknowledge Allah the One the Only and His Messenger Muhammad and our Messenger Allah's

blessing and peace be upon Him [UI] convey my greetings to all the brothers for we are all joined in one heart that is not averted except by a command from Allah be He exalted praise be to Him .....

Truly the last moments of this world started to appear O my beloved brother woe to our nation and our tyrant government we will change the world and agitate the people and we will draw one line one army under the banner there is no god but Allah Muhammad is Allah's Messenger under the name of the global Islamic organization of Al-Qa'ida under the command of the [UI] commander Usama bin Laden may Allah bless his life and his wealth and his lineage

I do not want to be very lengthy for there is a lot in my head I want to [UI] and but may Allah be at our aid after this operation onto bigger operations Allah willing

The pictures here are coming as a result of my researches I already decided to change the target [UI] let us make it the big fish instead of the smaller fish for they are all fish in one sea

The main bank for the city and not the branch that we had already specified it

It will be an definite strong strike Allah willing it will shake the currently shaken economy now in the state and the American nation because this bank is of the biggest [UI] this city

The name of the city *DALLAS*

The name of the state *TEXAS*

The name of the bank *wells Fargo*

There are four pictures of the bank in the daytime and the last picture is at night the bank is made of the glass from the outside

The bank contains billions of dollars let us say

That the bank already collapsed and they already took out the monies

The losses will be heavy in the information the credit card millions of people will have already lost unemployment poverty hunger a strike on the head of the government and do not forget the psychological effects for the loss of this beautiful building in these pictures and the effects on the infrastructure and our joy of course for the success of this operation

And but the opinion is yours now

I present to you merely a small research for the location and the place from my own home and but the big researches did not start yet as checking out the building internally and the protection systems and the ways of entry to execute and the planting therefore I wanted to wait a little until I obtain *[sic]* I want so I can move with freedom and legality in this bank in another manner

As for the appointed time to meet the brother Hussein I long to see him he already called me in a tight time at work I could not speak with him much and explain to him the time of my spare hours is as follows

Every Friday the scheduling of my work hours takes place

Every Friday a personal work schedule is drawn for my work from [UI] Monday to Sunday so therefore I hope [UI] that you read this message [UI] that you [UI] the brother Hussein about that because I already forgot I must be informed on Friday or Thursday or what is before about the appointed time of the meeting and may Allah prolong your life

The old pictures of the old location I may not have possessed them in the previous meeting because I already erased them for security because they already were in my machine for a period and I do not prefer that any information would be saved there

Until the appointed time of the meeting

O Lord make us from those you loved so You became their hearing that they hear with and their sight that they see with and their hand that they assault with...O Lord Amen

Peace and Allah's mercy and blessings [UI]

Aba al-Ayyubi
