Peace and Allah's mercy and blessings be on you

O Lord O Revealer of the Book and O Mover of the clouds and O quick in judgement and O defeater of the parties defeat the Christians and Jews who are fighting Islam and the Muslims O Lord defeat them and shake them O Lord [UI] horror in their hearts O Lord separate their gathering O Lord disperse their unity O Lord place conflicts in their opinions O Lord keep their might among them O Lord show us miracles of your might in them O Powerful O Able O Lord subdue the unbeliever countries that are fighting Islam and the Muslims O Lord guide our throw until the Judgment Day and give us success in our jihad after the honorable month there is no religion but the true religion of yours O Lord we ask your forgiveness and we repent to you and with you we are destined O Helper and Great One
There is no god but Allah Muhammad is Allah's Messenger

O Lord accept this supplication and bless our master Muhammad and all his relatives and [UI] And O Lord protect our beloved commander and make him a crown on our heads in the return of our religion's honor and the defeat of our deceptive enemy and bless the prophets and the martyrs and the Muslims in this honorable month
There is no power and no strength save in Allah

Allah is the greatest

.....
Thank Allah who facilitated for us this

The blessed date became near and which was facilitated to us after this honorable month to a blessed month the month of Shawwal will be the appointed time for the decisive strike The blessed Ramadan ends on 20 September the last days of Ramadan Allah willing and the month of Shawwal begins and whoever fasts six days after the month of Ramadan and of the month of Shawwal it is as if he fasted the entire era as per the saying of the beloved according to Thouban the servant of the Messenger of Allah Allah's blessing and peace be upon Him according to the Messenger of Allah Allah's blessing and peace be upon Him that he truly said: "whoever fasted six days after Eid al-Fitr it is as for the whole year whoever does one good deed will have ten times like it
"

Allah willing the date for the victory is

Tuesday
9-29-2009

And which corresponds to the sixth day

Allah willing from the six days of fasting in Shawwal after the day of the holiday and the days of the sacrifice offering

So Allah willing it will be the sixth day and the last day I fast it is the appointed time of the strike may Allah destined the victory for us in history to strike the Roman Crusader nation and whose falling hour has neared

Now then

Changing the Plan

O the dear one the battle will be through the loaded equipment already I specified the suitable location for it I visited the place once again and the location was suitable and facilitated by Allah then we want the disappearance of the entire building be accomplished a decisive strike that has no like that is why the planting will not take place as it was in the first plan but it will be accomplished in a traditional method the method of T A L I B A N (vehicle

It will be very powerful for bringing down the building but upon my visit to the site I encountered a small and easy problem and thank Allah for the entrance to the garage in the building it is necessary to subscribe monthly with them and request the magnetic card which opens the gates of the garage while entering and exiting and these cards are not given except to the subscribers in the building in a monthly subscription for a certain amount and they must be in a person's name in order to complete the registration and but if we are not able to obtain it Allah willing in both cases the operation will be accomplished because I will break through the gate by driving on the sidewalk because there is space that allows me to pass through it and through the gate and the gate is underground under the building directly consisting of small gates in the shape of bars that open by the card for exiting and entering that is why I ask you to inform the brother Hussein this information so that we see what we are able to do to obtain this subscription or other methods or my method of breaking through the gate and but to abide by the rules is the ideal for the safety of the operation 100 percent and I will never accept the failure because it is from the cursed Satan the refuge is in Allah

As to the commander Sheikh

O the brave commander you have all the counsel and the honor and brave command

To you a greeting and a salutation and protection from all evil Allah willing accept our prayers

Dallas *DALLAS* is the name of the city

And we should start an insurrection among them this time

So [UI] let your message as you wish O commander and but I love if you add to it some of their malicious style so [UI] you add for them that the operation was accomplished with assistance from the families of the American army who hate the politics of government and they are American citizens and who want nothing but the revenge from the lying government the failing in its foreign and domestic politics and that you have a hand over their nation and their citizens over over [*sic*] their sovereignty the American government and the future strikes will be most powerful and and [*sic*] let a warning be done that they do not know and they do not prepare for

what will afflict them if the hours struck and the time went out of control and they crossed the red line more than [UI] so these will be disastrous consequences leading to the ending of the most powerful nation in history

And the conditions are

That the release of all the prisoners the suspects and the convicts be accomplished

That the withdrawal of all the foreign and the American forces from all the Arab nations will happen immediately Pakistan and Afghanistan and Iraq and all the countries and rebuilding what it destroyed in the war

That the cessation of the Israeli settlement take place and if you O American government are not able to silence the suckling who is out of control who frightens the American nation the nursing mother to the the [sic] child the Israeli nation then let the cessation of its support [UI] at all in the weapons and the aid and the imposing of sanctions and we shall do [UI] necessary to wipe them from the map

Not to interfere in the affairs of the Arab nations [UI] at all

We the Muslims are slaves this time and but we are the last of the slaves and this will be our victory over you the American nation because for every power there is an end and a beginning and your end is near and our beginning already started

Peace from us to you if the conditions were implemented and if they were not implemented you will then bear the consequences

O American people the choice is yours the peace or kill yourselves with your hands

Already we saw what you own and what you are able to do and but you did not see what we possess and what we will do

.....
O the Mujahidin brothers O comrade of the path the brother Rafiq [UI] let Allah be with us for striking them

And the appointed time of the joy is for all of us through your heroism in the preparation and the support and the offer of sacrifices for the support of this the religion

Also from me to you is the faithfulness and the pride and the dignity and defense of the religion and protection of our kingdom Al-Q A'ID A

May Allah bless in us all and in our beloved commander and may Allah bless Muhammad and Muhammad's relatives
