**SPECIAL MASTER’S STATUS REPORT**

I have instructed the Defendants in this Multidistrict Litigation to file deficiency notices for all cases that are not in compliance with the Court’s Case Management Order No. 12, Doc. No. 1054. Consequently, more than 650 of the remaining 848 cases may be ripe for dismissal if the deficiencies are not cured in the next sixty (60) days. Additionally, mediation is completed in all cases when requested either with the Special Master or a mediator of the parties’ election.

As indicated in my previous status report, Doc. No. 1209, remote mediations proved successful, but certain parties or their counsel expressed dissatisfaction with the process. For parties who requested in-person mediation, those sessions have occurred or will be completed by June 24, 2022.

Dated: May 31, 2022

Respectfully submitted,

James M. Stanton
